

CITADEL GROUP MEDIA RELEASE

Citadel Expands Health Capabilities Through Acquisition of Specialist Quality and Risk Software Company eQstats

Canberra, Australia – 1 September 2020 – The Citadel Group (Citadel) is pleased to announce the acquisition of [eQstats Pty Ltd](#) (eQstats), a specialist quality and risk software company.

eQstats drives efficiency within the health industry and improves healthcare outcomes by enabling the effective management of health quality and risk information. Their innovative, end-to-end software solution is designed specifically for governance, risk and compliance within complex and large organisations. eQstats software uses automated reporting, integrated data, data measurement and data compliance tools to adhere to an organisations compliance standards, facilitating smooth accreditation and certification.

The acquisition of eQstats enhances Citadel's investment in the development of health software and services, delivered through Citadel Health in Australia and Wellbeing Software in the UK. These offerings enable clients to optimise, integrate and innovate across their health operations. Together, Citadel and eQstats share a vision for delivering simple to use technology and software that provides better patient outcomes. Citadel extends a warm welcome to the eQstats team.

[Citadel Health](#) and [Wellbeing Software](#) specialise in creating and supporting software solutions, products and managed services for a range of clinical applications, including diagnostic pathology, oncology, radiology, electronic health records, maternity and anaesthetic applications in public and private settings. Citadel Health is a trusted provider of a wide range of solutions and services that enable clients to optimise, integrate and innovate across their health operations.
